

**A ONE-OF-A-KIND
EXPERINECE WHERE THE
ENTIRE MOUNTAIN IS YOURS,
WE CALL IT ...**

AS YOU WISH

A group of doctors who own surgery centers in metropolitan Las Vegas wished to reward their employee team and their families with an extraordinary experience in the mountains. The Eagle Point Lodging, Food & Beverage, Mountain Operations, Entertainment and Recreational service teams sprang into action and created an “As You Wish” experience that set a new bar for leisure, laughs and lavishness.

The 3 day, 2 night event began with a reception and ski and snowboard equipment fitting upon arrival, replete with cocktails to begin the revelry. Shuttle buses transported everyone around the resort over the course of the three days ensuring that guests could get to and from the many activities and gatherings safely and without worry. At the concierge desk, the 120 guests could enquire about activities and sign up for them, allowing them to customize their own experience throughout.

Guests stayed in comfortable accommodations, with superb dining options and plenty of après ski fun for everyone – all tailored to the group's priorities and interests.

- Skiing
